

Geotable Setup Instructions

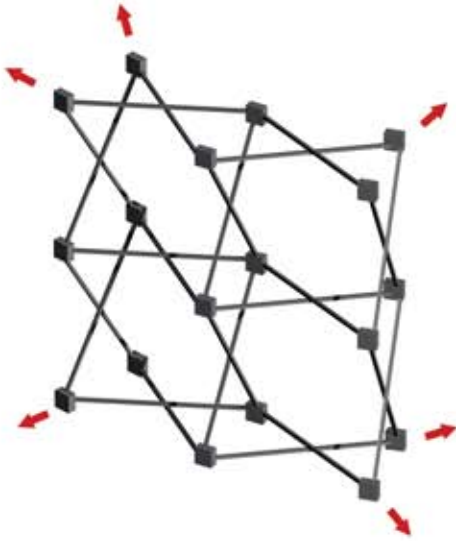

**BALLANCE
DISPLAY**

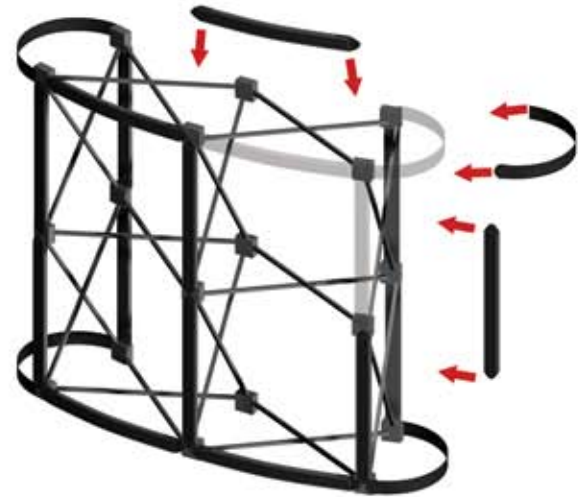

A Division of Ballance Design Ltd.

Component list for your Geo Table

- 1 Frame
- 10 Vertical magnetic channel bars
- 4 Horizontal curved channel bars
- 4 Endcap channel bars
- 2 Black shelves
- 1 Foldout counter top
- 1 Carrying Bag & 1 Tube Case

1. Remove your Geotable frame and proceed to pull from the corners to open the frame.

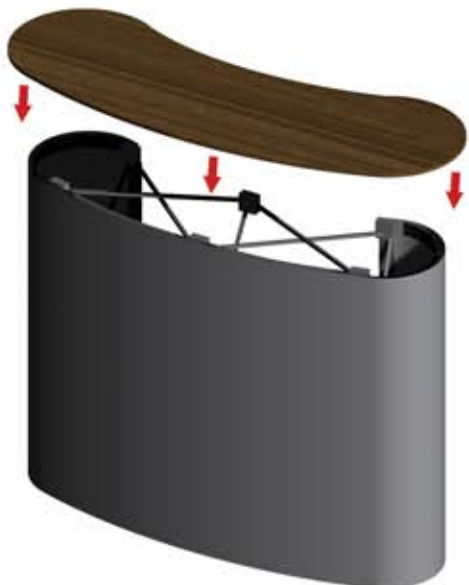

2. Once your frame is open, start placing the mag strips into the grooves located within the frame hubs.

3. Once all the mag strips are attached proceed to place the shelves within the frame.

4. Now carefully line up one edge of the wrap with the magnets on one side of the podium. Then walk the graphic around the geotable ensuring magnetic contact.

5. Finally place the foldout counter top onto your table and be sure to line up the round nubs on the base of the counter with the square slots on the frame hubs.
